Subject: Niagara Falls Boulevard-Trees

Good Afternoon Bill and Len:

I wanted to reach out to you both in regard to the trees we have remaining in Area 5. A local farmer who is a member of the neighboring church approached us months ago about taking the trees once we radiologically cleared for off-site use. The trees were cleared in the Winter. The farmer hasn't really been able to obtain the trucks or take what he initially indicated. I wanted to offer the wood next to you both. I know Bill's brother, John, mentioned a desire for the trees when we first cut them down. Presently, they are staged within Area 5 fenced off. Please let me know if either of you would want the wood or has an associate that would want the wood. If not, we will open this up to a broader group.

Thanks

Regards,
